

Our Club has a
Mandatory Vaccination Policy
(MVP)

It is a condition of entry that members, guests of members, visitors and contractors must show evidence of vaccination for COVID-19.

Acceptable forms of evidence of vaccination from the Australian Immunisation Register include:

- (a) an online immunisation history statement.
- (b) a COVID-19 digital certificate.

All Members and Guests over sixteen (16) years of age must carry or otherwise have ready access to a copy of one of these forms of evidence identified and must produce that evidence to a Worker or Officer of the Club, a police officer, or any other authorised officer on request.

If a member or Guest over sixteen (16) years of age is unable to produce one of the forms of evidence identified they must leave the Premises immediately and not return until such time as they are able to comply with this policy.

If you have any questions regarding our MVP policy, please do not hesitate to contact Club Management at admin@cosrsl.com.au
